

Travan

An Affordable Solution Built Upon a Solid Heritage of Data Protection for Home, Small Business and Mobile Environments

Travan technology is embraced by customers demanding a unique combination of demonstrated reliability, high performance and small footprint without sacrificing budgets or storage strategies.

Quantum Travan media cartridges are manufactured to the highest industry standards for quality and reliability, ensuring low error rates, high performance and long-term durability. This family offers you more choices to manage and archive your data with confidence.

Travan technology is an ideal solution to meet the expanding storage and archival requirements of mission critical data, at a price point that fits into the most discerning budgets. Being affordable and easy to use, Travan technology has been installed in home offices, small to medium businesses (SMB) and mobile computing environments around the world.

Protecting user investments in technology, data integrity and disaster recovery are small but very important elements of data management strategies. Quantum's dry process Travan cleaning cartridges are an easy, efficient means to lessen the debris build up that impacts data reliability. These specially designed cartridges help extend system life and minimize service calls. Standard business practices conclude that frequently used drives require frequent cleaning. Always clean the drive after the first use of a brand new data cartridge.

With a storage capacity ranging from 10GB native and 40GB compressed in combination with built-in cartridge reliability features focusing on minimal tape stress, uniform head-to-tape contact, and decreased particulate exposure make Travan an extremely reliable solution for home and SMB market requirements. Quantum Travan data and cleaning cartridges are fully compatible with Travan drives in the marketplace.

UP TO 40GB COMPRESSED CAPACITY

FAMILY OF PROVEN MEDIA

FEATURES AND BENEFITS

-  High Storage Capacity – up to 20GB native and up to 40GB compressed¹
-  Fast Transfer Rate – up to 8MB/sec¹ for backing up data, creating an archive or downloading files from the Internet
-  Field Proven Reliability – technologically advanced cartridge provides thermal stability, static dissipation and uniform head-to-tape contact that maximizes data reliability

PERFORMANCE

	Travan 20	Travan 40	Travan Cleaning
Capacity: (Native/Compressed)	10/20 GB	20/40 GB	--
Durability:	10,000 full tape passes	10,000 full tape passes	--
Number of Uses:	Up to 75	Up to 75	Up to 30 cleanings
Archive Life:	10 years	10 years	--

PHYSICAL CHARACTERISTICS

	Travan 20	Travan 40	Travan Cleaning
Tape Width:	8mm	8mm	8mm
Tape Thickness:	7.9um	7.9um	7.9um
Tape Length:	228.6M/750FT	228.6M/750FT	228.6M / 750FT

CARTRIDGE DIMENSIONS

	Travan 20	Travan 40	Travan Cleaning
Width (in/mm):	3.66/93	3.66/93	3.66/93
Height (in/mm):	0.575/14.6	0.575/14.6	0.575/14.6
Length (in/mm):	2.835/72	2.835/72	2.835/72

OPERATING ENVIRONMENT

	Travan 20	Travan 40	Travan Cleaning
Temperature °F (°C):	41° to 104° (5° to 40°)	41° to 104° (5° to 40°)	41° to 104° (5° to 40°)
Humidity:	20 to 80%	20 to 80%	20 to 80%

STORAGE ENVIRONMENT

	Travan 20	Travan 40	Travan Cleaning
Archive Storage °F (°C):	73° +/- 9° (23° +/- 5°)	73° +/- 9° (23° +/- 5°)	--
Non-Archive Storage: °F (°C):	60° to 90° (16° to 32°)	60° to 90° (16° to 32°)	60° to 90° (16° to 32°)
Archive Humidity:	40 to 60%	40 to 60%	--
Non-Archive Humidity:	20 to 80%	20 to 80%	20 to 80%

COMPATIBILITY

Travan 20	Travan 40	Travan Cleaning
Travan 20 drives (Read Write), Travan 40 drives (Read only)	Travan 40 drives (Read Write)	Travan 40, Travan 20, Travan 8

¹ Based on 2:1 compression

Model Numbers and Descriptions

CTM20	Travan 20 Media Cartridge
CTM40	Travan 40 Media Cartridge
CTMCL	Travan Cleaning Cartridge
